- cPanel

SELECTED PROJECT

Newsify (Full Stack REST API) https://www.newsify.work

- Fully functional sign-up/login REST API that is rendered server side using Node.JS (Express), Sass, JavaScript, and MongoDB (Mongoose) with cloud AWS storage
- Users make GET, POST, PATCH, DELETE requests to save and bookmark preferred articles, update user settings, and adjust article search parameters
- Utilizes multiple, publicly accessible APIs to enhance article functionality (Gnews and Newsapi.org)
- Sends automatic emails for password resets and welcome registration

WORK EXPERIENCE

Klasen Development LLC   **Green Bay, WI**
Front End Developer (2 years experience)   *2020 – Present*

- Code all projects for responsive screen sizes – mobile (<850px), small (<1400px), large (>1600px)
- Use tooling like Sass, React, and Gulp.js and to write streamlined, durable, and robust code
- Use high-quality documentation/commenting to create readable codebases for other developers and technical audiences: Write code with a reviewer in mind
- Selected Portfolio – All code is open-source on GitHub: Klasens (github.com)
  - https://maxamillennial.org/ (Author Portfolio)
  - https://sambodhimusic.com (Musician Portfolio)

Schneider National   **Green Bay, WI**
Carrier Relationship Manager (Freight Broker)   *June 2021 – July 2022*

- Built and maintained high-speed sales relationships and generated $120,000 of monthly average net-revenue while exceeding the company defined sales-commission cap month/month
- Beta-tested and debugged proprietary MasterMind™ Transportation Management Software (TMS) for usability and accessibility during organization-wide transition to new TMS software

University of Wisconsin-Milwaukee School of Cont. Ed   **Milwaukee, WI**
Communications Specialist   *2014 – 2020*

- Primary writer for all 41 school-wide certificate redesigns, Copy Sample: https://uwm.edu/sce/certificates/data-analysis-certificate/

LEADERSHIP EXPERIENCE

MasterMind™ TMS Beta Tester   **Green Bay, WI**
Departmental Beta-tester   *April 2022 – June 2022*

- Served as an on-the-ground, subject-matter-expert for other freight brokers and team administrators during the full department launch and switch to new TMS software

UW-Milwaukee League of Legends Esports Team   **Milwaukee, WI**
Team Captain   *2015 – 2017*

- Recruited new players into school Esports pipeline while managing team events and practices

EDUCATION

University of Wisconsin, Milwaukee   **Milwaukee, WI**
BA in Philosophy and English (Dean's Honors List)   *Graduation Date: Dec 2017*
